

# NARROWTEX

## WOVEN POLYESTER LASHING

Container Lashing from Narrowtex is manufactured to ensure a safe and secure cargo lashing system. The Narrowtex range of cargo lashing is marketed under the brand NARROLASH™ and the comprehensive range of products can accommodate various cargo securing systems.

NARROLASH™ is the most versatile and flexible of all non-metallic lashing and is one of the safest and most cost-effective alternatives to steel strapping, chains, wire ropes and ratchet strapping. Using various combinations of lashing, lash buckles and hooks, NARROLASH™ can effortlessly accommodate countless lashing systems. The Narrowtex range of lashing systems ensure that cargo transported by either road, rail or sea freight will arrive at its destination without damage to the load or to the vehicle.

# NARROLASH™

NARROLASH™ is the registered tradename for the superior brand of lashing manufactured by Narrowtex

**QUALITY ASSURED**

# FEATURES & BENEFITS

- > Safe with less risk of injury
