

## CAFÉ OR BOX PLEATS

Box pleat heading tapes, also known as café pleat header tape, give curtains a very trim and formal appearance. The final pleating result drapes into deep folds down the full length of the curtains, resulting in perfectly spaced box pleats. Box pleats prevent pleat creep when fully pleated.

When pleating the tape, it is important to hold all three cords. The top cord automatically folds the pleat flat. To fix the pleat on the reverse side and to ensure perfect hanging in the suspension system, we recommend a forked hook or hook glider to collect the pockets left and right to the middle of the pleat.

When sewing the box pleat tape onto the fabric, please ensure that the upper stitching line is below the top drawcord. The tape must be leveled exactly with the upper edge of the fabric to ensure perfect functioning.

**QUALITY ASSURED**

## WHY NARROWTEX CURTAIN TAPES?

- Choice of packaging – wound onto rolls or lap-folded
- Printed tape – promotes company brand awareness
- Heat finished or starched – reduce shrinkage during cleaning
- Superior tape performance – excellent quality and inspection processes
- Diverse product range – many choices in styles, widths and pleating effects

- Used with tracks or rods
- Suitable for all light to medium fabric types
- Multiply the track width by 2.5 times
